

RDA Earns Additional Microsoft Gold Certifications

April 2009

RDA is pleased to announce two new competencies and specializations achieved in the **Microsoft Gold Certified Partner Program**:

- Information Worker Solutions - Enterprise Content Management and Forms
- Microsoft Business Solutions - Microsoft Dynamics CRM

The Enterprise Content Management (ECM) and Forms specialization within IW Solutions highlights Microsoft partners who design, develop, and deploy portals that connect users and teams to information and resources, across business processes. Solutions related to this specialization help customers improve efficiency and effectiveness by using Microsoft Office SharePoint Server 2007, Microsoft Office Enterprise 2007, Windows SharePoint Services, Microsoft SQL Server 2005, and Microsoft Exchange Server 2007.

The Microsoft Business Solutions competency emphasizes proficiency in deploying Microsoft Dynamics and related applications. The CRM specialization denotes expertise in helping business customers develop and maintain profitable, long-term relationships with their customers.

This brings RDA's total number of Microsoft Gold Certified Partner competencies and specializations to 10:

- Business Intelligence
 - Business Intelligence Platform
 - Performance Management
- Custom Development Solutions
 - Application Infrastructure Development
 - Web Development
- Data Management Solutions
- Information Worker Solutions
 - Enterprise Content Management and Forms
 - Portals and Collaboration
 - Search
- Microsoft Business Solutions
 - Microsoft Dynamics CRM
- SOA and Business Process
